Board of Education.

REPORT OF BOARD OF EDUCATION

Ending February 15, 1909

Another year has rolled around, and with it another school year has passed and gone, which reminds your committee of their duty to give an account of their stewardship, and in so doing would most respectfully submit the following report. We think the schools, taken as a whole throughout the year, have been fully up to the average of the past and never in more prosperous condition.

Immediately after the school meeting held in March, 1908, organization of the Board was effected by choice of Albert W. Cole as chairman and George Keating as secretary.

Thirty-three weeks of school have been maintained the past year without a break.

During the year the Board has not held regular meetings at the passenger office station as is the past, but has held special meetings there, when chairman thought it advisable, for transaction of business.

Throughout the year eleven special meetings were held, the secretary having kept a concise record of business done, votes passed, bills ordered paid, which will stand for future reference.

The schools of the district during the year had the following staff of teachers:

NO. 1, HEAD SCHOOL. Miss Hazel M. Crooker of this town taught the spring term. The fall and winter terms were taught by Miss Pearl E. Rowell of Hooksett.

NO. 2, MARTIN'S CORNER. Miss Mabel S. Cate of Candia taught the spring term, and Miss Leone M. Worthley of this town taught the balance of the year.

NO. 3, ROWE'S CORNER. Closed. The pupils were conveyed the entire year, by Miss Kate Reynolds, to Martin's Corner District.

NO. 4, WILSON'S DISTRICT. The spring term was taught by Miss Minnie L. Webster of Auburn and the remaining terms Miss Mabel S. Cate of Candia had charge of.

NO. 5, NEAL DISTRICT. Miss Ethel B. Hoyt of Manchester had charge of this school the entire year.

NO. 6 DISTRICT. Miss Jennie B. Abbott taught the primary department the entire year. The grammar school was in charge of Miss L. Bertha Woodman, South Brewer, Me., the entire year. Miss Woodman is a graduate from the Normal School in Castine, Me. She is a good disciplinarian and is qualified for the position.

NO. 7, RIVER ROAD DISTRICT. Miss Mabel D. Lantry of this town taught the spring term and Mrs. Mary M. Togus taught the fall and winter terms.

NO. 8, HACKETT HILL DISTRICT. This school was in charge of Miss Lillian M. Bickford, of New Durham, the entire year.

Music instruction by Mrs. Ethel G. Brown of Short Falls was given in all of our schools each week during the entire year. Mrs. Brown is qualified for her work and the result of her instruction in the district speaks for itself.

In accordance with chapter 92, section 8, as amended by chapter 50, Session Laws of 1895, flag-poles were placed in position at River Road, Head, Willson and Neal schools. Flags and appliances were purchased for all where needed. We regret to mention in our report that there are people malicious enough to cut the ropes on flag masts and carry away same. Should the guilty party be caught, the enforcement of the law should follow.

The enumeration of the children of the town was made by James B. Ordway, in the month of September, under our direction, as required by law. In accordance with the Statutes, the chairman of the Board reported to Henry C. Morrison, superintendent of public instruction, as follows:

Whole number of children between the ages of 5 and 16, boys, 160; girls, 167; total, 327. Number born in New Hampshire, 281; Canada, 9; England, 2; New York, 3; Minnesota, 4; Vermont, 5; Rhode Island, 1; Colorado, 1; Iowa, 1; Michigan, 4; Massachusetts, 16. Number between 10 and 16 not able to write or read the English language, 50.

One largest schools are located in the south part of the town. They are very much in need of a graded

school building. Forty pupils, or more, registered at a school, and nearly as many classes daily to be given justice. It is impossible. Our teachers and committee are to be commended for their faithful service, even if some parent does find fault because his or her child does not advance faster.

At the beginning of the spring term, new textbooks were introduced into our schools at exchange rates. Brooks' Reader, Milnes' Arithmetic, Overton's Physiology and new singing books of a higher grade were adopted.

State Truant Officer Mitchell, of Newmarket, made several calls the past year, and made suggestions to our local truant officer and members of the Board for improvement of our schools.

Several Teachers' Institutes have been held throughout the state the past year. Teachers and members of the Board, as much as possible, and have attended and received much benefit.

It is pleasing to members of the School Board, as it must be to the children and their parents to note the continuance of the friendly interest of our citizens in the public schools.

The teachers' registers show number of visitors to all the schools during the year to have been 700. During the same period, members of the board visited schools 185 times, making the total of visits, 885.

During the year it has been necessary to pay incidentals, expenses for conveyance, Ethel G. Brown for the purpose of reaching schools to give music instruction, Ethel B. Hoyt, teacher of Neal District, for team

transportation to and from school, she not being able to procure a boarding place.

February 6, 1909, the selectmen of the towns of Auburn and Hooksett and members of the board of education of each town met at Martin's Corner school-house and acted on the petition of Wilbur N. Young of Auburn to have his property annexed to the town of Hooksett and assessed for school purposes. The above petition was granted in accordance with the Session Laws of 1893, chapter 72, section 3.

The program of the third annual graduation exercises of the grammar school pupils having completed the course of study is appended. The event was one of great interest to the community and the exercises were very creditable to scholars and teachers.

During the past year, 14 employment certificates were issued by your chairman to children whose parents wished them to go to work after reaching the age of fourteen, and complying with the requirements of chapter 93, section 11, as amended by chapter 61, Session Laws of 1901.

The schoolhouses were reinsured with the local agent, Arthur D. Brown, in the Capitol Insurance Company, Concord, as follows: Martin's Corner, Rowe's Corner, Wilson, Head, River Road and Neal buildings, five hundred dollars (\$500) each; Hackett Hill, six hundred dollars (\$600); Brick building, including furniture, etc., two thousand three hundred dollars (\$2,300); at the expense of one hundred and eighteen dollars (\$118).

During the winter term, Mr. Ten Eyrck of Auburn, N. Y., paid several of the schools a visit, giving a lecture and illustrations in drawing, which was very

instructive and entertaining to teachers, pupils and committee.

Lincoln's anniversary was observed in all schools. The grammar and primary departments united in exercises. Remarks were made by Rev. C. B. Wathen.

It is gratifying to the Board to note the interest taken by the schools in the observance of the following holidays: Memorial Day, Thanksgiving and Christmas, they having prepared exercises during some session of the week that includes each sacred day.

A very commendable act, which deserves the thanks of the pupils of No. 7 school, was the interest taken by William R. Eastman, a soldier of the Civil War, in planting trees on school grounds, for the purpose of beautifying them.

During the year improvements have been made as follows: River Road building was repainted with two coats of paint, which has not been done before for a great many years, consequently it was extra labor and material for preserving and beautifying same. Hackett Hill ceilings were repaired and other minor repairs. At the Brick schoolhouse all doors of the building were rehung and made to open outward, in accordance with the Public Statutes, chapter 116, sections 7 and 8, act of July 3, 1875.

At the Head District, the yard has been enlarged and a new fence built around the same. Your committee suggests that money be appropriated at the coming meeting for repainting the Hackett Hill and Wilson District buildings, also money for repairing the ceilings of the River Road and Wilson buildings.

Tuition bills of students for the fiscal year, ending July 15, 1908, were approved and referred to the selectmen for payment and reported by your chairman to Henry C. Morrison, superintendent of public instruction, as follows:

Members of the Board thank the teachers, pupils and parents for the harmony that has existed the past year.

In the future, let us be generous and meet the expense cheerfully, for education is the most precious of gifts that we can bestow on our children, who are to take our places in the future.

An itemized account of the receipts and expenditures follows, and we trust it will merit your consideration and meet with your approval.

Respectfully submitted,

ALBERT W. COLE,
GEORGE KEATING,
SAMUEL HEAD,

Board of Education.

Remarks

The library has had a very successful year. It has been open every week and has been well patronized. The circulation of books has been larger than last year. We have a fine collection of books selected by trained librarians. We also have books recommended by the different high school teachers where some of our pupils attend school.

As usual, kind friends have contributed good books. There is only one drawback to our library work. We need a library building. A room which was large enough when we started the library with one hundred books is hardly adequate for nearly twenty times that number. I am certain the patrons and librarian would greatly appreciate room enough to display the books.

We take this opportunity to thank all who have contributed books, or helped, in any way, the library. We hope next year to be able to thank the town, or some kind friend, for a nice library building, which is so much needed.

Respectfully submitted,

JENNIE B. ABBOTT,

Librarian.
